

**Amendments to the Specification**

Please amend the application as follows:

Please replace paragraph [0014] with the paragraph below:

**[0014]** Thus, in certain embodiments of the present methods of treating cancer, the compound of formula I is administered as a pharmaceutical composition or medicament comprising fructose. In some such embodiments, the pharmaceutical composition further comprises a flavoring agent such as ~~tetrarome~~ TETRAROME mandarine flavor (deterpenated mandarine essential oil). In other embodiments, the pharmaceutical composition further comprises water. Hence, the present methods of treating cancer may further comprise mixing the solid compound of formula I with water to form an aqueous mixture before administering the compound to the subject. The invention further provides the use of the compound of formula I in preparing a medicament for use in treating cancer.

Please replace paragraph [0045] with the new paragraph shown below:

**[0045]** Thus, in some embodiments of the present methods of treating cancer, the compound of formula I is administered as a pharmaceutical composition or medicament that includes fructose. Such compositions may also include a flavoring agent such as ~~tetrarome~~ TETRAROME mandarine flavor or the like and/or a diluent, such as water. Hence, the present methods of treating cancer may further include mixing the solid compound of formula I with water to form an aqueous mixture before administering the compound to the subject. The
